Government of His Highness the Maharaja of Mysore.

C i r c u l a r. No. 1533-7

Bg. 20/7/26

While sanctioning the Budget Estimates of the several Municipal Councils for 1926-7, Government have noticed that in the case of certain Municipal Councils there are heavy liquid assets to their credit, invested in Government Savings Bank, or the Mysore Bank, or otherwise. It is desirable that such balances should, after a small reserve is set apart for unforeseen expenses, as far as possible be utilised on works of public utility for improving Sanitation, Water supply Education, Medical aid etc., and Drainage, etc., calculated to benefit the municipalities concerned. The Deputy Commrs of Districts are accordingly requested to examine the finances of the several Municipalities in the District and in cases in which there are heavy liquid balances left un-utilised, the Municipal Councils concerned should be advised to take prompt steps for the proper utilization of the available surplus amounts for the purposes indicated above. Schemes in regard to matters requiring immediate attention may be got prepared and submitted for the orders of Govt. with plans and estimates. The help of the Town planning Division may be taken for the preparation of schemes.

By Order,

Secy to Govt.
